

# CLUBE NAVAL DE MAPUTO

Nº6 - DECEMBER 2012

### Sport fishing

- Final results of 'Troféu Verão'.

### Swimming

- Useful informations.

**THE CLUBE NAVAL TEAM WISHES YOU A HAPPY NEW YEAR!**

Dear members,

Here come the last days of another year, a year that passed through as quickly as the storms coming from the South.

Since we are in charge, that is to say since the middle of this year, we have tried to make real some of our goals: rehabilitate the swimming-pools, the judo room, make the roof of the main edifice waterproofed, and we currently work on the final stage of the implementation of a computer programme to manage members and users of the Clube Naval.

We also modernize our computer network at the Secretary office and create this « Newsletter » for a better communication between the Club and its members.

As you all know well, next year is a landmark in the Clube Naval history: it will celebrate its 100 birthday.

This is a memorable date, the Clube Naval being then the oldest in Mozambique. How you shall imagine, we would not forget about that!

We are already planning some events to celebrate it, and from now on the behave of the Direction, I invite all the members who would want to contribute to contact the Secretary or Direction staff. All ideas or help are welcome!

Soon will be created a new website : more interactive, attractive and updated as well as the new logo of the Clube Naval that you already can see in this Newsletter.

We want a more dynamic and modern Clube Naval, but we will never forget that our main preoccupation is our members.

I would like to enjoy this opportunity to wish to all members and their families a Happy New Year!

Best regards,

**Marco Veiga**  
*President of the Board*

## SPORT FISHING: TROFÉU VERÃO

After a break in the competitive fishing period, the Clube Naval of Maputo held on December 15, 2012, the high sea fishing tournament called 'Troféu Verão'.

The tournament comes as a way to stimulate the fishing activity among members of the Clube Naval and to fraternize with the Clube Martítimo de Maputo.

With the participation of 12 boats and a very favorable weather, several trophies were caught and released, as also many pelagic species.

The Clube Naval de Maputo aims at making this tournament a regular meeting in the sport fishing calendar over the next years, thus harmonizing the agenda of other clubs or sport fishing associations in southern Mozambique.

The competition was organized in two categories - Bill Fish and Game Fish.

The Commodore's office of the Clube Naval of Maputo thanks the sponsors of the tournament, respectively: Southern Sun, BCI, FM Simões SARL, Lda Limetal and of course all the participants.

Below, you can read the results of the tournament qualifications: 1st rank: Fourplay team, then Flint team and in the 3rd rank: Dan Dan team.

## FINAL RESULTS
